It's that time again! The Refugee Assistance Forum will be taking place for the 4th time on the 31st of August 2018. We would like to invite everyone to Kampnagel to meet and share experiences. This year's theme:

“MAKING IT IN HAMBURG. How integration can succeed.”

Hamburg's First Mayor Dr Peter Tschentscher will open the forum at 14.30. A number of full-time and voluntary helpers will present their projects and activities at the “Participants' Market”. Make the most of the opportunity to talk to others and find out more. Or take part in the “Participants' Forum” to discuss your living, working and neighborhood experiences with experts.

Join us this year! The Refugee Assistance Forum is free and open to everyone.

You will find the very latest details and instructions on how to take part at www.hamburg.de/forum-fluechtlingshilfe.

Would you like your own stand at the Participants' Market? Then register here by the 30th July 2018: <http://t.hh.de/10954886>.

The event will be held in German. Language guides plus speech-to-text reporters and sign language interpreters will be on site.

You will also find this invitation on our website in Arabic, German, Farsi, French and Tigrinya. Please forward this invitation to anyone else who may be interested. We look forward to seeing you on the 31st August 2018!
